Campers are adequately supervised by county 4-H agents, adult leaders and camp staff. Professionals in related fields serve as teachers for subject matter activities.

4-H Center facilities are regularly inspected and meet health department guidelines. Professional and summer staff receive training in first aid and safety procedures.

A first aid station is located on the grounds. Medications for allergies and other illnesses are kept in a safe location and monitored by adults. A health care professional is employed by the 4-H Center. Arrangements have been made with local hospitals for emergency care. It is the responsibility of the parents to notify 4-H agents of pertinent medical conditions.

Campers may take supervised field trips to participate in related studies. It is assumed that by signing the Activity and Event Acceptance Form, parents give permission for their child to participate.

Delegates are covered with a **limited amount of insurance** from the time they leave home until they return. In emergencies, instructions on the Activity and Event Acceptance Form are followed.

We cannot guarantee that your child will not be injured, but every attempt will be made to minimize risk and encourage safe participation. UT Extension cannot be held responsible for accidents.
